Customer Reviews

Got some of my most reluctant boys reading. They loved the adventures and are asking for more.

My 2 and 4 year olds LOVE this book. It's a fun way to introduce the little ones to superheroes! My 4 year old can read it and my 2 year old goes around pretending to be superman now.

I bought this book to encourage my son to read. I was delighted to find it on the accelerated reader book list. Not only is he able to enjoy reading about one of his favorite superhero's, I can also use the book for his accelerated reading books at school, a huge plus for me.

My son loves this book! It is easy for him to read and has great illustrations. I recommend for any small Superman fan!

Good book for intermediate readers. We have read it so many times I almost have it memorized.
Worth every penny.

My 3yr old LOVES superheroes and this was a great book. Bizarro is not scary- just backwards. We read it over and over.

I purchased these books for a school program in the District of Columbia to help children to learn to read; to spark their interest and I will be purchasing several more as the year goes on. Thank you.

it is a good book my little brother love it he thought it was the best book ever.EVEN I LICK IT.!
