"...a `must' for anyone contemplating designing and building their own aluminum craft from passenger ferries to racing powerboats." --The Midwest Book Review, March 2001 --This text refers to an alternate Hardcover edition.

Ernest Sims has been working in boat design for many years in the UK. He spent ten years as a design draftsman, and lectured at a British college before going on to set up his own business building aluminum craft. He is also a consultant for boat builders and designers. --This text refers to an alternate Hardcover edition.
