## Customer Reviews

Bought this for my son who's favorite character is BB-8. He read it twice on a road trip and now told me it is one of his favorite books. He is always reluctant to read UNLESS I find books about his favorite subject - and thank goodness there are a lot of well written Star Wars books for kids. Since getting the book home it has been read 3 more times after our trip so I know he really enjoys it.

Purchased this book before released and received the day it was released. The content is great for my 6 yr old reader who is not quite ready for chapter books. Since he is obsessed with Star Wars, this was a logical purchase.

This was a cute book for kids who love Star Wars and a great buy for the price.

provides a little adventure to keep my 6 year old grandson's interest
