Billy Steers is an author, illustrator, and commercial pilot. In addition to the Tractor Mac series, he has worked on forty other children's books. Mr. Steers raised horses and sheep on the farm where he grew up in Connecticut. Married with three sons, he still lives in Connecticut.

This was a Christmas gift for my nephew who LOVES tractors. This book did not disappoint. The pictures are great! His mom said he wants her to read these books to him every night now! If you have a tractor lover or kiddo who loves big machine type things these books would be awesome for you!

We have purchased all of the Tractor Mac books for our 4 year old grandson and he loves them all? Yes he does have his favorites and Farm Days is one of them. Mr Steers was appearing at a nearby library recently and we wanted to take our grandson but he was away with his family on that day. Great books, all of them!

Have several Tractor Mac books. Recommend if you have tractor lovers in the little people in your life. Once they read one, they enjoy more T.C. adventures. Who doesn't like talking tractors and talking animals? Have also given as gifts with good reviews. Enjoy!

A must for any McCormick or JI Case fans with small sons or grandsons. I got this for my dad to read to all of the grandsons. He loves it. (i would also recommend the Otis the tractor books!)

My son loves these books. We are slowly collecting the entire series. If you have a young child who enjoy cars, truck, tractors, or farm implements this is a good choice. Easy simple stories that generally teach a good lesson.

My grandson loves his Tractor Mac books. The illustrations are beautiful and attention getting. Highly recommend this book to little ones who love tractors and farm life.

Simple board book, excellent for the toddlers in my life. Red tractors are always a hit since their Pop's has one on his farm.

This book was a perfect gift for my nephew's farm themes first birthday. It's so adorable!!
