Really cute book. We were all about April the Giraffe, so this was really cute.

This is a wonderful little book each child will love. My toddler loves to be read to and with this book she has her special stuffed giraffe to go along with the book. Very inexpensive and short enough to

hold their attention. She is learning animals at her local zoo and this is a great addition to that learning experience. Good job!

Cute book

I bought the book thinking it was all about giraffes, but it's not. Each page has a sentence on a different animal. However it was delivered quickly and was able to get my money back when I was dissatisfied with the product, since the whole reason I got it was because I have a giraffe themed classroom.

ordered this for my grandchild who isn't even here yet or even a thought on its parents minds.
cute book

Giraffes make one page in the middle of this book. Every other page is about how all sorts of animals take naps.

quality not the best. Not sure how long it will last

My daughter was struggling to get down to nap each day. I found this book one night and immediately bought it. My daughter loves animals so I thought this would be the perfect book to add to the nap time "routine". We read it frequently and it has helped get her settled for her nap each day. We talk about what animal will she sleep like today!
