The Art Of Spoon Carving: A Classic Craft For The Modern Kitchen

Synopsis

Wood carving is coming back into style, and making kitchen utensils is among the easiest ways to learn the craft. This beautifully illustrated guide by master woodcrafter Lora S. Irish teaches the basics of wooden spoon carving. Perfect for beginners, the book presents 12 step-by-step projects that illustrate a variety of historic carving styles. A selection of mix-and-match patterns offer suggestions for creating dozens of unique designs for spoons and other implements — forks, ladles, dippers, spatulas, knives, pie servers, and scoops. In addition to clear, detailed directions accompanied by helpful drawings, inspiring photographs illustrate decorative ideas for using the carved spoons in kitchen wreaths, centerpieces, and other ornaments. A great gift for crafters seeking a new hobby, this book is loaded with stylish designs for handmade treasures.
