Meet the Author: Drew Daywalt Drew Daywalt is an award-winning, New York Times #1 bestselling children's author whose books include *THE DAY THE CRAYONS QUIT* and *THE DAY THE CRAYONS CAME HOME*. Drew loves to play Rock, Paper, Scissors, but most of the time he can't decide fast enough which one to pick, and ends up making some bizarre shape with his hand that looks like a weird octopus with a hat. He'll claim *Weird Octopus with Hat* beats everything, but don't let him pull that nonsense on you.

Meet the Illustrator: Adam Rex Adam Rex is the author of many books, including *Cold Cereal* and *Unlucky Charms*, the first two books in the *Cold Cereal Saga*; the New York Times bestselling picture book *Frankenstein Makes a Sandwich*, the middle grade novel *The True Meaning of Smekday* (now a major motion picture from Dreamworks, *Home*); and the teen novel *Fat Vampire*. He lives in Arizona with his wife.

The Legend of Rock Paper Scissors has 5 Starred Reviews "Purely absurd, sidesplitting humor that kids will gobble up." *ALA Booklist* (starred review) "A closer-to-perfect pairing couldn't be imagined. Everyone wins!" *Kirkus Reviews* (starred review) "Forget reading aloud—this story demands bombastic, full-volume performances." *Publishers Weekly* (starred review) "This is the sort of story that makes children love to read." *School Library Journal* (starred review) "Kids will snicker reading this!" *BCCB* (starred review)

âœCheeky humor and prideful asides will have listeners in stitches. A closer-to-perfect pairing couldn't be imagined. Everyone wins! • (Kirkus Reviews (starred review))âœThe earnest gravity of the fightersâ™ quests paired with the mundane setting and melodramatic tone are perfectly balanced to produce a brand of purely absurd, sidesplitting humor that kids will gobble up. • (Booklist (starred review))âœDaywaltâ™s text, set in a range of expressive fonts, combines the heightened verbosity of vintage action comics with the swagger of backyard scuffles, and Rex composes wildly dramatic battle scenes against backdrops of thunderstorms, erupting volcanoes, and missile launches. Forget reading aloudâ "this story demands bombastic, full-volume performances. • (Publishers Weekly (starred review))âœWhile kids will snicker reading this on their own, itâ™s perfect for a guffawing share with younger sibs or buddy read, followed, of course, by a rousing game of Rock Paper Scissors. • (Bulletin of the Center for Childrenâ™s Books (starred review))âœLaugh-out-loud funny and outrageous at times, this read-aloud will have listeners jumping out of their seats. This is the sort of story that makes children love to read. • (School Library Journal (starred review))â™The title and cover image are enough to get you giggling all on their own. But the epic battles depicted by childrenâ™s book powerhouses Drew Daywalt and Adam Rex are sure to have us in stitches. • Best Books of the Month (Brightly.com)

I hope you're wearing your BATTLE PANTS! You've played the game. Now read the legend of the three great warriors who started it all . . .

My son is too young (20 months) for this book but he absolutely loves the illustrations and the story. He asks to read it every night and always wants to be on the battles with rock. This book would be ideal for a 5 year old but I would still recommend anyone who loves books to add it to their kid collection. I only gave the book 4 stars because the story line is repetitive, although we still enjoy it in our nightly routine.

H I L A R I O U S. Big hit with the under 5 crowd and for grown ups alike. Every time we read it I laugh just as much as my kids.

So funny! We loved this book. Thank you, Drew Daywalt, for making us laugh like crazy!

This was bought as a gift. It came on time and in great condition. It's by the author of *The Day the Crayons Quit*. I read it before giving it and may have to buy one for myself (I work in an elementary school and the kids would love this book).

The children in my class enjoyed this story.

This book captivated my 2nd graders! Loved by all!!!

My son plays rock, paper, scissors with his dad. This is his new must read book every night. The story is cute and the illustrations are great.

My 6 year old son is absolutely in love with this book. When I was reading it to him for the first time he was hysterically laughing..more so than if he was watching his favorite cartoon! Wonderfully written and illustrated book for kids and even moms:)
