Vintage Snowmobilia: A Guide To Snowmobile Collectibles

Synopsis

The Golden Age of snowmobile manufacturing went from 1968 to 1976. During this time literally hundreds of snowmobile manufacturers sprang up and then disappeared. Some of these manufacturers were huge blue chip corporations like John Deere. Others were small forgotten companies building sleds in home garages such as the Snow Bug. The collector market for vintage snowmobile items can be easily compared to the interest in vintage motorcycles, farm tractors, gas station items, vintage boats and outboards and similar motorized vehicles. This book covers snowmobile-related items which are now collectible-vintage brand-specific clothing, advertising items, dealer signs, oil containers, snowmobile board games, snowmobile cuff links, and much more. Collectors new and old are trying to determine what an item is worth and if it is collectible. This is the first book to fill that need.

Book Information

Paperback: 160 pages

Publisher: Enthusiast Books (November 1, 2006)

Language: English

ISBN-10: 1583881697

ISBN-13: 978-1583881699

Product Dimensions: 8.5 x 0.5 x 11 inches

Shipping Weight: 1.4 pounds

Average Customer Review: 4.7 out of 5 stars 7 customer reviews

Customer Reviews

Jon Bertolino is a natural collector. His business, Toizrit, Inc. specializes in the purchase and sale of vintage toys and antique writing instruments. His other lifetime interest is snowmobiles.

Excellent book!

husband loves it

My son is a fan of vintage snowmobiles. So I bought this for him as a Christmas gift. He was so surprised that I was able to find it and was thrilled to get it as a gift. It is absolutely the best.

Its a great book,. received promptly and in perfect condition. My own fault I should have researched further and I would have realized this book is not so much about Vintage snowmobiles,. its about memorabilia like accessories. Still quite interesting to look at.

The book provides a broad, yet overall shallow perspective in the snowmobile collectibles market. His section on oil and gas cans is quite extensive, yet barely scrapes the surface on clothing, which I purchased the book anticipating more there. However, a book could be written on clothing alone, and I give Mr. Bertolino credit for tackling the subject as a whole, and for creating a book that was long overdue. Thanks.

My husband and I really liked this book- we are avid Snowmobilers and while we don't collect (yet), this is a great resource for any collector with detailed information regarding vintage snowmobilia.

Book received was in excellent condition. It was delived in the time frame promised.
