# **The Hidden Names Of Genesis: Tap Into The Hidden Power Of Manifestation**

## Synopsis

In this book, you will learn, for the first time, the six hidden names of God within the first few verses in the book of Genesis. The names are in Hebrew, but do not worry. I will transliterate as necessary. These names are known by very few people. Today, you will learn them for yourself. Although the Old Testament books are filled with secret names of the divine, the ones in the book of Genesis are of utmost importance. Why? The book of Genesis is the account of divine creation. God manifested the entire universe and it is recounted allegorically and some would say literally, within Genesis. This is significant because the hidden names are the very names God used for creation. By tapping into these names, you will have a piece of the power used in the Genesis of the universe. You can use the power of Genesis, to manifest whatever it is you require in your life. It is, after all, the book of creation...Isn't it?

## Customer Reviews

Excellent book on the Hebrew and Mystical activation of the attributes of God. If you already are into Kabbalah this book is a primer on more esoteric knowledge that is worthwhile and powerful.

good uncomplicated reading

Great! As advertised. Arrived as promised.

This was hard to rate. Although it's not my cup of tea and cannot say if I had gotten results or not

something about the work is comfortable. I would say not my cup of tea.
