The Life Of Jesus: Dramatic Eyewitness Accounts From The Luke Reports (Radio Theatre)

Synopsis

In first-century Palestine, the physician Luke is on a mission to save the life of his friend Paul. His task: chronicling the life of a carpenter's son from Nazareth named Jesus. Luke searches for firsthand witnesses to the miracles and controversies surrounding the man they call the Christ. • Luke's travels take him through violent roads, and he encounters his own miracles along the way. Be an eyewitness to Luke's quest for the truth in this Radio Theatre production featuring England's finest actors and cinema-quality sound design.

Customer Reviews

This drama on the life of Jesus is solidly structured and well performed. Further, it's truly produced for the ear, with sound effects--a scraping sword, the clink of coins being counted, and, even more impressive, crowd scenes over a large distance. As for the cast, one or two of their accents are a bit out of place, but overall they serve the purpose of making it possible to immediately tell Luke and Mary from other male and female voices. Finally, the story is paced well for dramatic effect (except that it starts off slowly). There are only two distractions. Framing the story of Jesus as a narrative of "news" from the Middle East comes off as gimmicky, and the background music is overdone. I can't remember ever being so impressed with an audio book before. The production is incredible;

you really are there with Luke on his journey and the sound effects are amazing! The story shows Luke as a complex, intelligent, and moral individual in an age of intense conflict, sometimes angry, frightened, discouraged, but always committed to finding the truth. He is truly a dedicated physician, offering to help everyone who needs him, compassionate and wise, but not detached from the people he encounters. This narrative is so involving that at times I couldn't tear myself away from it. I highly recommend this "Life of Jesus" to everyone who is interested in history, faith, and fine story-telling.

This is an excellent Audio Set by Focus On The Family!!! I couldn't stop listening to it - a few times it was past midnight before I could forced myself to turn it off. It brings the Bible to life with the account of the biblical Doctor Luke's amazing adventure and true life story! This is sure to please any listeners no matter what their ages are. On the back it says "for All Ages"... but there are a few rough/intense moments - including when Doctor Luke gets "run through" with a sword or a knife. It is a wonderful set that I highly recomend without any hesitation.

Whether you are an avid reader of the Bible or not; these stories bring the accounts of Jesus' existence to life in vivid form. It seems as though you are watching a movie becuase you can just "see" in your mind's eye the events unfolding as they are being told. Great work that I'm sure those who love biblical accounts will find most satisfying. They help one to better understand some of the events that you may have read before but didn't quite grasp the concept of.

A must have audio story -for those who love listening to stories. I have listened to with my whole family over and over again. Full of inspiration and a creative way of bringing the listener into the story was the setting is dramatized. Far better than a movie!!! enjoy!!

NO CDS!!!!!! When we received it there were no disks!!! Such a waste of money!

I was uncertain as to the accuracy of the audio of the life of Christ, but have found it to be not only accurate but very exciting to listen to. I love it and truly recommend this to anyone who would like to listen to a fresh description of the life of Christ. Focus on the Family endorses it and I have truly enjoyed every minute of it. I even downloaded it to our I-Pod.

I purchased this as a gift and this was gladly received. It makes the story of Luke and his efforts to

write the gospel and Acts come to life. Enjoyable to listen to.

I'll keep this short, I couldn't get to sleep while I was listening to this that's how good it was.
