Customer Reviews

Great little book to get you started on incorporating hygge (the feeling of cozy, content and satisfied) into your daily routine. Jo lays out some very easy ways to get started with lots of ideas on getting your kids in on the action. She includes ideas on how to find hygge while traveling, being outdoors, in the garden, and so much more. It's an easy read that will start your creative juices flowing. I really enjoyed it and look forward to Jo's next book. Very highly recommend!

I love that this gives so many ideas for creating experiences instead of buying things. Hygge is for all seasons, and this will help me remember to look for my Hygge moments all year round...not just when it's cold.
