## Synopsis

A curvy farmer deep in debt + a lonely rancher hoping to open his heart + a family farm hiding a hidden treasure = a red-hot rural romance! Curvy Crystal Martinez didn't think anything could bring her back to rural Pinerock County, but if the family legend of a hidden treasure on her grandfather's old farm is true, it could get her whole family out of debt. And she never suspected she'd want to stay, with her friends, her job, and her entire life back in the city. But that was before she met the red-hot rancher next door, with electric blue eyes and a body to die for. She doesn't dare get attached (no matter what her betraying body thinks about his kisses) but she does need help if she's going to find her family's treasure before her time in Pinerock County runs out. It's strictly a business arrangement ... with a few fringe benefits ... right? Grizzly shifter Cody Hayes has watched his clan brothers find their mates, one by one. As the peacemaker in his rowdy clan, Cody has almost given up on finding love, until Crystal moves in next door. In one glance, Cody and his bear know this stubborn city girl with curves in all the right places is the mate they've been waiting for. Even though she's falling for both Cody and the rural beauty of her family's old farm, Crystal is determined to make her time in Pinerock County short. As the search for her family's lost treasure brings them together, Cody must show this commitment-shy city girl that Pinerock County is where she belongs— or risk losing the only treasure that matters to him! This is a standalone paranormal bear shifter romance, fifth in the Bears of Pinerock County series. No cliffhangers!

## **Customer Reviews**

Cody knew he loved his clan brothers and all their meddling. But when Remy told him their was a new woman who was looking for hired help in the next farm he didn't believe his luck would change that easy. He's been looking for his mate for so long. He was happy for his family so don't get him wrong he just wanted his mate as well. Crystal knew as soon as came back to the farm something inside her felt like she was coming home. But if she couldn't find her grandfather's buried treasure to pay off her father's Medical pills her mom is going to have to file bankruptcy or either sell the farm. She never knew she would find a handsome hard working man and fall for him. Just Cody didn't realize he was going to meet his mate the moment she opens the door. They have two weeks to make things happen. She has to find the treasure as he have to tell her he's a shifter and that she is his mate. Before they loose their chances. Or someone blows it up and go their separate ways. This is Cody's HEA so please get it together man before it's too late....don't let her slip away...

Crystal and Cody felt a deep connection upon seeing each other the first time. Crystal came to her late grandfather's farm in the hopes of finding long lost treasure that he hinted to when he was alive. His farm was vacant for 15 years and was overwhelming with overgrown grasses and flowers. Crystal was only there for two weeks before she could go home. She had to find the treasure or put the farm up for sale within two weeks. She met Cody and he offered to help fix things so she would have a chance to sell it if that was what she actually wanted. Of course, there is much more to this wonderful story and you'll have to read it to find out what happens next. Enjoy!

For Cody and Crystal the treasure wasn't a pot of gold or a bag of money. It was them finding each other and their home. I Loved this wonderful story of an old farm brought back to life with their love and hard work. I use to wish for this very thing when I was a little girl, so the story soothed my soul and made me smile all the way thru to the end. All the books in this series have been good and some laugh out loud, but I'd have to say that Cody finding his mate was my favorite. Thank you Zoe Chant for such a loving and wonderful story.

A beautifully written story of a bear shifter who finds his mate. The story of a woman who must find treasure to help her family before they have to file bankruptcy. Each find what they want and more. A fast read with sexual content. Loved it!

When Crystal went to sell her grandfather's farm she never planned on meeting Cody. Cody had all but given up on finding his mate when she turns up next door. Love the characters so open and sweet, plus sexy and steamy.

I'm a sucker for farm tales and the ranch house sounds just lovely. Cody was so hesitant to tell her everything but in the end we got a couple of surprises even he didn't know. I think there will be another series out of this for sure!

You never know where you'll find your own treasure, it could be right in front of you and you don't know it. This story will knock your socks off and give you food for thought. Such an endearing love story.

A woman from the city coming to try and find a treasure mentioned by her father, a bear shifter that has given up on finding his mate, read for the details of them coming together.
