Synopsis

SEA SWEPTA champion boat racer, Cameron Quinn traveled the world. But when his dying father calls him home to care for Seth, a troubled young boy not unlike Cameron once was, his life changes overnight. . . In the end, a social worker, as tough as she is beautiful, will decide Seth's fate.

RISING TIDESEthan Quinn is determined to make the family boatbuilding business a success. But amidst his achievements lie the most important challenges of his life. There is young Seth, who needs him more than ever. And a woman he has always loved but never believed he could have.

INNER HARBORPhillip Quinn has the scars from his own rough and tumble childhood on the streets of Boston. Now a high-powered advertising executive, he figures he's found his perfect match in educated, cultured Sybill. And when he discovers she has a family connection to young Seth, they join forces to secure the boy's future.

CHESAPEAKE BLUENow a grown man returning from Europe as a successful painter, Seth Quinn is settling down on Maryland's Eastern Shore. Still, a lot has changed in St. Christopher - and the most intriguing change of all is the presence of Dru Whitcomb Banks. But a secret Seth's kept hidden for years threatens to explode, destroying his new life and his new love...

Customer Reviews

Nora Roberts is truly a publishing phenomenon. Today, she is one of America's leading novelists, with many #1 New York Times and USA Today bestselling novels to her credit. Her books are published around the world, made into films, excerpted in national magazines and translated in over

twenty-five different languages.

All four books are wonderfully written. Each one stands on its own but reading them together gives better understanding of all characters involved. I always loved Nora Roberts books. This saga is no exception. The way she describes family dynamics, you feel part of that family or you want to be part of it. Each book covers one of the brothers that are not really brothers. They are connected by this ten years old boy, Seth. By helping him, they help each other. They find love, start new business, and above all they come back to family home, town where they grew up and change their lives because they agreed to help Seth. I think that there isn't a person that wouldn't enjoy jumping into lives of four incredible guys that struggle together, build the future together, and are intertwined together like no others. Really incredible four books. Buy it, read it, and be prepared to not being able to put it away till you finish. I wish for one more story, about Aubrey. That would be just cherry on top. Well, I can only hope.

I am an avid Nora Roberts fan. I own just about all of her books and enjoy listening to them in audiobook form. I only semi-wish that I was a first timer to her stories, then I could appreciate the audiobooks for what they are and not dislike them in any way for the pieces of the stories that they are missing. The Quinn Brothers is my favorite series from her. After reading the first three books I fell in love with all three men and the women they fell in love with and Seth. When I found out that Nora was writing grown up Seth's story I was more than thrilled. I always wonder what happens to her characters after they get their happily ever after, what their lives turn out to be and I had finally gotten my wish. Listening to their stories over again was wonderful, but again I felt there were important events left out of each. One most pointedly in Sea Swept. It's a moment between Cam and Seth that is really telling to how the boy is growing being with the brothers. Seth's story was told in full, which was great, as it should be. A good listen overall, but again I recommend the actual books if you really want the full impact of the stories.

I love a great series. The opportunity for character development from all angles. These four books are ones I've come back to over and over. The study of the best and worst of human nature with a helping of sex, love, and happy endings. Worth your time in every way!

I loved these. I am a person that can do 2 things at once. so I listen at work. and I am able to listen to a good book and get a lot more work done.

This was a wonderful story of family. I loved the characters and story line. I would highly recommend the entertainment value.

The depth of character development, beauty of language, knowledge of subject matter and wonderful interaction among a variety of people from practically all walks of life make Nora Roberts' novels a terrific read - - time and again. The setting of this novel series is particularly captivating and the characters so well fleshed out, you feel you know them. Nora writes about the human condition and how it relates to the environment of work. This is something to which we can all relate. Her novels are so far advanced in form and style to almost all other romantic novelists or mystery writers that it is no wonder she is in the over 450 million books in print. If you want a good read - - and four times at that - - read this series.

Once I started, I couldn't stop reading this fantastic series.

One of her best series. Love the last book - 18 years after the original trilogy - that references a character in another trilogy that I had just happened to finish reading just before.
