Gymnastics Queen (Kylie Jean)

Synopsis

Kylie Jean decides to sign up for gymnastics lessons. After much practice, she performs in the big showcase event. But she learns that making a new friend is even better than becoming a tumbling queen.

Age Range: 6 - 8 years

Grade Level: 2 - 3

Customer Reviews

Marci Bales Peschke was born in Indiana, grew up in Florida, and now lives in Texas, where she is a librarian. She has lived in three haunted houses, but now lives with her husband, two children, and a feisty black and white cat named Phoebe. She loves reading and watching movies. When Tuesday Mourning was a little girl, she knew she wanted to be an artist when she grew up. Now, she is an illustrator who lives in Utah. She especially loves illustrating books for kids and teenagers. When she isn't illustrating, Tuesday loves spending time with her husband, who is an actor, and their children.

As other comments have stated, the book's page order goes a little wacky at page 65. Luckily I was reading to my daughter this night when she was ill, as I'm not sure a new reader would have caught

on to the problem. Overall we aren't too impressed with the storyline: The characters have great personality, I like the Texan accent that comes through. We use ASL with our toddlers, so my daughter was re-introduced to signing via the deaf character Abby and has branched out to do some of her own research on signs... so that was a great influence. But as far as gymnastics go, Kylie Jean doing the splits on day 1 was pretty frustrating to my little gymnast, and the big competition taking place 2 weeks after her first class is, well, unrealistic at best. This was our first Kylie Jean book and I'm not thinking it was good enough to explore others.

I bought this book for my niece for Christmas who loves the Kylie Jean series and she loves gymnastics. She started to read the book and was loving it, until she got to about page 65 and the rest of the book had the pages out of order. You have to flip flop back and forth to read the last 20 or so pages of the book. I returned the book to and received a replacement book. Low and behold the same thing. I contacted the publisher to let them know and they apologized and said they would make a note of it for the next printing in April. I am again returning the book to , for a refund this time.

My niece who is 8 and a reluctant reader loved this book!

Great book for a 7 year old. It has a cute story line and held her attention.

My 8 year old daughter Loves these books !

My 8 year old daughter loves this series and couldn't wait to read this book. She loved it until she got halfway into it and started finding printing issues. Several pages were printed out of order and she had a hard time following the pages numbers which were skipping around too much. She wasn't able to finish the book.
