BMX Tunnel Run (Take It To The Xtreme)

Synopsis

Fifteen-year-olds Jake and Peter share a burning desire to excel at as many extreme sports as they can, and to surpass each other in the process. They always seem to land themselves in the middle of an action-packed, adrenaline-pumping adventure while they're at it. In *BMX Tunnel Run*, the latest installment in Pam Withers' highly acclaimed series, the daredevil duo discover an underground maze of mining tunnels. Jake and Peter ride through their latest escapade on BMX bikes -- underground. Equipped with night-vision goggles, the teens have to defy a group of hostile riders as they struggle to find their way back to daylight. Along the way, the action is heightened when Peter is forced to deal with some personal misfortunes.

Customer Reviews

The photos make it clear that Prior has a deep appreciation for his surroundings. Landscape photography at its finest, from the world's most beautiful unspoiled places. This book will take you places you wish to go and Prior's pictures will make that wish partly come true. [A] book that carries an earnest conservation message... preservation of the wilderness is critical to life on earth. Jaw-droppingly spectacular panoramas of mountains, valleys, deserts, savannas, icebergs, jungle and other extremely out-of-the-way places mostly unmarked by human footprints.

Pam Withers' best-selling series combines her passion for outdoor adventure with her journalism background. Her work has appeared in numerous publications, including the New York Times and Adventure Travel magazine. She lives in Vancouver, British Columbia.
