Total Eclipse Of The Heart

Synopsis

Brooke Alexander is in love with one of Washington, D.C.'s most prominent attorneys. Patrick is everything that dreams are made of—or so it seems. One day, Patrick can be loving and supportive, the next he is demeaning and angry at the world. Damon Johnson has been married to his wife, Carleigh, for four years. He is compassionate, honest, and worships the ground that she walks on. But Carleigh treats Damon like a trophy, allowing her friends to salivate over him and disrespect their happy home. Damon has dreams outside of his six-figure corporate job, and Carleigh treats his life aspirations like a joke. Her selfish nature makes Damon wonder if he made the right decision when he asked for her hand in marriage. A tragic event forces Brooke and Damon to become a part of each other's lives. Through the darkest of times, they find the courage, strength, and perseverance to discover the true meaning of unconditional love as they experience a total eclipse of the heart. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

“Arguably not since the emergence of Nancy Friday has American letters produced a purveyor of erotica with such mass-market appeal.” —The New York Times
“Zane’s writing warms me, heats me up, satisfies me with a passion.” —Eric Jerome Dickey --This text refers to an out of print or unavailable edition of this title.

Zane is the New York Times bestselling author of, among others, *Afterburn*, *The Heat Seekers*, the *Flava* series, and *Dear G-Spot*. Her television series, *Zane's Sex Chronicles*, is featured on Cinemax, and her bestselling novel *Addicted* has been adapted for a major motion picture. She is the publisher of Strebor Books, an imprint of Atria Books/Simon & Schuster, and lives in the Washington, D.C., area with her family. Visit her website at www.eroticanoir.com.

I personally loved the book, I just couldn't seem to put it down. Now, I probably wouldn't recommend this book to someone who has not read a Zane book or any erotica for that matter, but all in all it was a good book. I loved how we got to be each character, how we got to see everything from both point of views. I believe this was a big part of the reason why I just could not put the book down, because everytime something extravagant would happen that chapter would end, and the next chapter would switch off to the other character...making you want to zoom through it so you can get back to the first character, but then THAT chapter would end with a bang...and this just turned into a never ending cycle..lol love that theres a really good dramatic romantic story within the book, it's not just sex sex sex, you want to see the characters fall in love, you want to see them get married and have kids, but throughout the majority of the book your not even sure if it's going to happen, the suspense is awesome. The whole storyline is very unique, it's bittersweet...but with a happy ending. If you are already a Zane fan I HIGHLY recommend it, you will absolutely fall in love with this book! :-)

Zane has truly outdone herself with "Total Eclipse of the Heart"! This story was a drastic change from Zane's usual, but I enjoyed it just the same! I'm glad the raunchy was turned down just a bit. Slightly overweight waitress Brooke Alexander is in a unfulfilled relationship with wealthy lawyer Patrick Sterling. Patrick's uppity wealthy parents feel that Brooke is beneath Patrick and let her know it whenever they can. Patrick is verbally abusive to Brooke at times and often complains about her weight. Brooke wants out but doesn't feel she has the finances or strength to leave. Damon Johnson is married to his wife of four years, Carleigh. Damon worships the ground Carleigh walks on and would never dream of hurting her. Carleigh on the other hand allows her friends to make inappropriate sexual remarks about Damon. Damon feels he is only "eye candy or a trophy husband" to Carleigh. Carleigh is not supportive of Damon's entrepreneurial efforts to launch his own dating websites. Damon and Brooke are two people who will be brought together unexpectedly and tragically, but their meeting seems to be fate, meant to be and a total eclipse of the heart is destined to occur. This book was a bonafide page turner and I was totally shocked at the end about

Damon and Brooke!!

gave as a gift

I read this book over the summer. I have to admit that I am a huge ZANE fan so I guess you can say I'm what she calls one of her "Zaniacks"! But with all honesty yes this book unlike her others were a little predictable, but it was still a great read. At the very end is a huge shock, which in reality should not be a shock, but that's just how our society is now. It made me want to re-read the book, which I will as soon as I get it back from a friend. And for the record let me say that there is always going to be someone downing ZANE's books because they are "too erotic". Well you know what type of books ZANE writes, and if you don't like it, then read something else. There are millions of other books out there you can read. And one last thing. If you cut out all the sex scenes/stories in her books, there's still an actual story and most likely a damn good one at that. Overall I recommend anyone to buy this book if they aren't too good to read erotica. I recommend all of her books. You won't be disappointed. Enjoy!

I've bought several books by Zane and I think this has to be the best written one. If you've read any of her previous books, you know that they are filled with erotic scenes throughout her books. This one is more of an actual story. Brooke is a waitress that is dating Patrick. Patrick comes from a very affluent family. He's very demanding and for some reason, Brooke seems to put up with it. Damon is married to Carleigh. He loves her with all his heart and soul...Carleigh appears to just love his looks. An unfortunate situation causes all of these characters lives to become intertwined. There are several themes to this book to include the fact that there still are good men out there. Another theme (maybe my own) is to never let your female friends hang around your man alone. Lastly, love knows no boundaries. There's a pleasant surprise at the end of the book that further supports the last theme. Zane doesn't disappoint with the sex scenes...it's just not the basis of this particular book. If you are looking for a good descent read...get this book. You won't be disappointed.

As always I love this book as much as I love all of the other Zane titles I have read, some parts were very emotional and tugged at my heart strings heavily. I would recommend this book to anyone who likes a good love story.

To me the book was better but it was an okay listen.

WOW...i dont really write reviews unless i extremely detest the book or LLOOOVVVEEEEDDDDD the book... i read the reviews and everyone said this was a must read Zane book, and that it was until a lot of her other books... BOY THEY WERENT LYING... I continued to read this book despite the fact that i have four papers to write for my ENGLISH class. There are no words that can tell you how much i enjoyed this book. What I loved most about this book is that Brooke and Damon were built up as characters with problems not has a characters built around race with problems.. It isnt until the very end of the book that everything comes together as far as race!!!LOOOVEED THE BOOK ZANE. I'll be waiting for your next one!
