Customer Reviews

This is perfect. It's checkbook size, fits in my wallet. The paper is nice quality. I love Harry Potter and each page is designed differently. I've already had a few people wanting to take it for themselves. :)

The details for each month are amazing as they depict different themes from the movies. Very colorful...full calendars give plenty of room for jotting appointments, Birthdays, etc. I love it!

not only is it a two year calendar but it started Sept 2015 which is so much nicer to have 2 1/4 yrs with two complete years - hard to find one with 2 complete years - definately recommend

Great product, good quality, however when writing you have to put papers between the pages behind or you end up writing through the page.

Love the Harry Potter theme. No room in the margin of each month for notes. Also kind of glossy so a little more difficult to write on.

It was a little to small for me but it is HP so i put it on my case

Decent but not great...they need an HP planner like the Kate Spade ones :)

I love my pocket planner. I feel like i dont want write on it. Lol
