Family Law (Quickstudy: Law)

Synopsis

One of the most complex areas of human relations is really one of the more simple of law school courses. At least when you have our concise, but never incomplete, chart before you. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

What BarCharts are NOT: a comprehensive study guide. You cannot do well on a law school exam or bar exam relying solely upon BarCharts. That is not their purpose.What BarCharts ARE: a condensed overview of the black letter law. Use them as a quick reference to understand the material during the semester. Use them as a REVIEW of the material you (should) have already studied for the exam.In law school, BarCharts were the last thing I skimmed over before taking an exam. It's a good refresher.Same with the bar exam. I skimmed over my BarCharts both nights before the exam. The ONLY reason I recalled one obscure family law rule on the MEE was because I read it on the BarChart the night before.

no comment

Brief but very informative.

I got an A in Family Law, so I say this went pretty well. This chart does have outdated information

though.

Bought to review to require for my students in a Family Law Mediation course.

Good review.

I got this and encourage my paralegal study students to get it. It's a very helpful guide to family law.

Yes
