Customer Reviews

I'm a mom of 3 & a preschool teacher, & I highly recommend this book. The simple, rhyming text tells of the many wonders of nature that God has given us, & the illustrations truly bring this book to life. (It's inspiring, yet fun also, due I think to the brilliant and lighthearted artwork.) While the image on the front of the book is in pastels, the inside is very bright, detailed, & cheerful, with pictures of flowers, animals, smiley children (dressed in seasonally appropriate clothing), sun, moon, clouds, stars... lots to look at & to discuss with little ones. (Both religion-wise & just basic concepts of

seasons, nature, weather, etc.) Perfect for a Christian early childhood teacher! I love that it's available in paperback, b/c at this price I will pick up a few for my children's CCD teachers and to have on hand to give with Christening gifts, or even to adults perhaps going through hard times who need a pick-me-up/ reminder of what we should be thankful for, (but in a fun, not preachy way.) :)

I enjoyed this sweet short ebook about all that God had painted just for us has kids. And with brilliantly colored illustrations,too! I wish to recommend this for kids ages 2-7.I received this ebook for free and in return now here is my honest review. Great job Katrina! By Angela

This book is so adorable and colorful. My 2 year old daughter likes it a lot. Cute little rhymes about the weather

GREAT BOOK!!!!!!!!! I love this book, I definitely recommend it for young kids I think it is worth reading, especially if you are a Christian and want to Learn more about Jesus.

Just received seven copies of this fantastic book (first communion gifts). I was amazed at how the illustrations jumped off the pages, the colors are so vibrant. A definite eye catcher for little ones!!

What a great book. Beautifully and lovingly illustrated. The illustrations are fresh and colorful, and the overall message is inspiring for all ages. This book makes a great christening gift, and should be required reading in Sunday School!

I got this for my three year old grand daughter. She absolutely loves it. She wants to have it read to her over and over. She is memorizing it. The illustrations are eye catching and so pretty. Great children's book.

Too short though. The story was over just when we were getting started. A quick bedtime book if that is what you want.
