'The common denominator of all wreaths is [that] they are handmade. With every wreath, love is the thread that binds it and allows it to last forever, if only in memory. Life gives us plenty of opportunities to hang wreaths on our doors, but perhaps you will agree with me that the best wreath simply celebrates the day." -Dale Rohman

Dale Rohman is a nationally recognized floral designer who regularly appears HGTV, DIY Network and the Discovery Channel's "Home Matters." Known as America's Flower Man, he's a sought-after speaker on the U.S. and Canadian garden and flower show circuits.

This book is just what I was looking for. It gives step-by-step instructions with clear pictures of all supplies needed and how to assemble the wreath. Even though the wreaths may be slightly dated, the clear instructions could be transferred to more up to date styles. I feel that, with these instructions I will be able to create wreaths from another book that I purchased ("Wreaths for All Seasons" by James Farmer) that had no instructions.

A really good book overall. It may seem a little outdated in terms of today's designs, but it definitely had many great ideas and the mechanics of putting different materials together. I am happy I purchased it.

Dale makes "how to" wreath book easy and fun to read and follow. Highly recommended. He's instructions are easy to follow, witty and fun.
