# Israel Vs. The World: The Apple Of God's Eye In The End Times

## **Synopsis**

When discussing Israel and its long history of conflict, the emotions are so charged and, for many, the stakes are so high that even engaging in a simple conversation about the subject can be like running a marathon of endlessly heated ideas and never-ending historical perspectives. In telling this story, I am not interested in taking any side. I just want to tell the story of how one small nation and a small group of people have had the tenacity and courage to defy the odds and preserve an ancient culture that has become the epicenter of not just conflict but religion, philosophy and human society as a whole. Because Israel has contributed so much to all of us; what was once just an Israeli culture has grown to become what is, by and large, an inherited world culture. As the scriptures promised to Abraham, "I will make your descendants countless as the dust of the earth; if anyone could count the dust upon the ground, then he could count your descendants;" (Genesis 13:16) I believe that this scripture does hold true. Because the whole earth has indeed benefited and been greatly influenced from the powerful traditions and thought that have reverberated from Israel throughout history. Since the days of the Covenant that was made with Abraham in the desert, we have all become great inheritors of this tradition. With an inheritance that is as countless as the dust of the earth. Many great and wonderful things have come out of Israel and its people and the world would just not be the same without it.

## **Book Information**

Audible Audio Edition

Listening Length: 36 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: RicTamily Publishers

Audible.com Release Date: May 26, 2015

Whispersync for Voice: Ready

ASIN: B00YB8PK2U

Best Sellers Rank: #105 in Books > Audible Audiobooks > Religion & Spirituality > Bibles  
#1154 in Books > Audible Audiobooks > Nonfiction > Education #3243 in Books > Education & Teaching > Schools & Teaching > Education Theory > History

## **Customer Reviews**

I was amazed by reading how such a small group of people and a small nation preserved an

ancient culture. This book helped me to understand the history of Israel, Jews, and Judaism. It was an informative read. If you love to learn about Israel, then this is one of the good books.

There will come a day when the world will turn its back on Israel, this book reinforces those ideas

Great read. I love Israel and hope to see it one day.

Yes, it is Israel. Short and instructive publication. The struggle of the people, faith and traditions. Very heavy and tragic way to overcome the nation to finally make myself a little house.

as described

A good and informative book to read to know more about Israel. This book provides a detailed look at Israel's history, culture and development. The book is very well-written and easy to read. It is very interesting to learn about Israel from this point of view. I learned a lot from reading this book. A very informative read. A must for anyone who wants to know more about Israel.

**LOVE THIS AND WILL RE-READ IT SOON....VERY ENLIGHTENING !!!!**

A short, superficial overview of Israel's history. Wikipedia has more depth. I would not recommend this book to anyone over fifth grade.
