Beautiful book, I wish there was a full chapter on the temples of Bali, otherwise I found it very interesting and of course artistic. Daunn Munn.

thanks!

I thoroughly enjoy the book, as if you are in the garden. Beautiful pictures and informative text! I enjoy going back to it time and again to feel inspired.

Love this book - lovely pics! Mostly non-American locations - had hoped to see a few US gardens! A lot of Bali, etc.

## CREATIVE, BEAUTIFUL DESIGNS.

Made's book is just wonderful. I know people who have employed him over the past 27 years and have been trying to buy his books for ages. I was enthralled with the photos and plants.

This is the book that you will pick up and read over and over again as it inspires you to turn your own place into a tropical paradise. This is one of my very favorites in my personal library and I just wish there were more like it. Not a "how to" but a wonderful book for daydreams. A combination of good writing and gorgeous photographs...always a winner!

Nice Book!! Has some great photos of tropical houses.
