Poppy Green can talk to animals! Unfortunately, they never talk back to her. So she started writing in order to imagine what they might say and do when humans aren't watching. Poppy lives on the edge of the woods in Connecticut, where her backyard is often a playground for all kinds of wildlife: birds, rabbits, squirrels, voles, skunks, deer, and the occasional wild turkey. Jennifer A. Bell is an illustrator whose work can be found on greeting cards, in magazines, and in over a dozen children's books. She lives with her husband, son, and cranky cat in Minneapolis, Minnesota.

The Great Big Paw Print

This series of books is amazing. We are reading them to a 3 & 5 year old at bed time. They are so excited to go to bed because it is story time and they can't wait to find out what happened next. Each book is full of adventures and laughs. There is a lesson to be learned in each story and the kids get the message. It great.

Buying all the Sophie Mouse books for a birthday present for a grandchild. Cute stories and lovely illustrations. Good pricing on . Ellen P.

Its a book. The grandchildren love it. What else can I write?!

My little cousin has absolutely loved each Sophie Mouse book I've gifted to her!

This is a great series. If you want to get you child to read, this is the set. Purchased one book for our granddaughter, then got the whole series because she enjoys it so much. Even her brother loves it. They didn't want me to stop reading after two chapters, always wanted to go on.

I bought this for my reluctant reader and she LOVES it. It's just the right level for her - a chapter book with enough pictures, but words on every page - to keep her interested.

This is a Christmas gift, but my granddaughter loves Sophie Mouse books.
