## Customer Reviews

This book is pretty outdated, so I don't know how accurate the information is and if places are still open and the prices won't be correct. It would be useful if you found something you were interested in and then double checked on the internet or called to get the correct information.

this is an older book, and significantly out of date, but for someone from Michigan, it is a good read, and reminds the reader of beautiful places in the Upper Peninsula.
