I am a travel agent going for a Cruise Certification from CLIA. This book has tons of information, tips and web sites that can be helpful. The book was put together in a unique way that makes it easy to learn. You won't regret buying this book.

Love the option of being able to get his product for rental as a kindle version. The book is easy to read and some interesting things.

This is an excellent size book for those wanting to know more about the cruise industry without having to delve too deeply into the economics and operations. I thoroughly enjoyed it and have passed on to friends and colleagues who have expressed similar sentiments.

You can take away a well rounded view of where the cruise industry came from. The book also goes into popular destinations, types of cruisers, and how to position a cruise to the right person.

This was a gift for my granddaughter tha started to work for Royal Caribbean as a Marketing Trainee

This book should be on every new travel agents reading list. Everything you want and need to know about cruises. Written in an easy to read manner. Loved it.

If you are a travel agent and you want to increase your business, then this is the book for you. I've learned so much and I'm sure that, because my knowledge increased, my sales and clientele will increase. Thanks so much.

Rented; good quality.
