Our Mother Tongue: An Introductory Guide To English Grammar

Synopsis

The importance of the spoken and written word in Christian culture cannot be overestimated. In this English grammar guide, Nancy Wilson surveys the major concepts in English grammar for beginners at the late elementary and junior high level (even adults seeking a brush-up). Wilson avoids common, contrived sentences that serve merely to illustrate her point; instead, she uses many selections from Scripture and from great English writers which help to instruct the student through their content, style, and structure. In addition to a helpful format that highlights key definitions, punctuation issues, and important concepts, short historical sidebars tell the fascinating story of the development of English. She continues the traditional and challenging exercise of sentence diagramming, which trains students to quickly analyze the structure of any given sentence. The grammatical explanations, the logic of diagrams, and the rhetoric of her examples blend with complementary emphases to create a helpful classical and Christian text.

Book Information

Paperback: 183 pages

Publisher: Canon Press; 40478th edition (April 1, 2004)

Language: English

ISBN-10: 1591280117

ISBN-13: 978-1591280118

Product Dimensions: 7.4 x 0.5 x 8.9 inches

Customer Reviews

Amazing at helping understand classical english. Really helped me get a grip so I understand how to diagram and how to disassemble the English language.

There are many errors in the answer key. I was told this is a great overall book for grammar. It isn't. There is very little explanations or teaching.

I enjoy this book it goes into great detail and I'm thankful for that

Book arrived in great shape.

THE BEST ENGLISH GRAMMAR BOOK AROUND!!!!!!

This book is a quick and easy format to teach English Grammar.

Really like it. It will be a great help for several years.

Lessons laid out nicely and able to use it at your own pace. Interesting, not overwhelming, understandable,
