John MacArthur is the pastor-teacher of Grace Community Church in Sun Valley, California; president of The Master's College & Seminary; and featured teacher for the Grace to You media ministry, which reaches millions worldwide. John has also written many bestselling books, including The Gospel According to Jesus. He and his wife, Patricia, have 4 married children and 15 grandchildren.

Pastor Macarthur describes succinctly but beautifully the biblical role of the father. He goes to the Word of God to base his assertions and are very well expounded. We don't need human wisdom to

find answers to the questions raised when parenting. The Word of God gives us all we need. A great book to help parents, especially fathers, to raise a family in a godly manner.

John MacArthur does a great job of keeping a heavy topic simple. This book will challenge and exhort you as a father to live in relationship with God as an example for ones children and as the lifeblood of leading a family. I could do with a few more examples of "how to" but for the sake of time I understand the absence of drawing out examples for each point. This book is short and sweet and worth the read.

Excellent book. After reading it I decided to make a standard practice of giving a copy to every new father that I know. Whether you're new to John Macarthur or have read some of his other books, Being a Dad Who Leads will not let you down. Are you looking for a devotional that you can do with your kids? Check out A Faith to Grow On (devotional).

Dr. MacArthur does an excellent job of focusing on the key points for fathers in relating to their sons and daughters in a Biblical manner. I recommend this slim pithy volume to all fathers.

A book every father/dad should read and a must read for Christian men who seek to be the Spiritual leaders of their families.

Quality product exactly as described. Will purchase from this seller again!

Definitely a collectors. Much wisdom from Pastor MacArthur.

I ordered this book because I just became a father and I wanted direction from the bible on doing it God's way I was not prepared for what I was about to read . The author made it clear that in order to be a good father one must be a good husband. This book challenged me to make improvements all around and helped me to see things God's way.
