Scholastic Reader Level 2: Magic School Bus: Ocean Adventure

Synopsis

Now early readers can take a ride on the Magic School Bus! With the help of Ms. Frizzle, young readers can develop their reading skills while they pick up fun facts about the world's ocean. Ms. Frizzle's class will teach you everything you ever wanted to know about the deep sea through this engaging and accessible reader. This is a great introduction to the Magic School Bus program.

Grade Level: 1 - 3

Customer Reviews

Joanna Cole and Bruce Degen, the author and illustrator of the Magic School Bus books, have collaborated for twenty years, bringing humor and true kidlike curiosity to science and learning. Booklist heralded Ms. Frizzle as "the wackiest, wisest teacher in picture books." Two MSB titles have been named School Library Journal Best Books of the Year, and they have won countless state book awards, from New York to Nebraska.

The ebook preview offered interaction that the book itself did not have on our kindle. Quite disappointed, as without it, the lettering is hard to read.

My grandson loved it!

Good book!

What is not to like about Magic School Bus Books, they are wonderful

Not a native Kindle book....

The Magic School Bus will always hold nostalgia for me. I grew up watching the show and reading the books and loved them. I am happy that it is still around today for to bring my kids educational fun. When I won this book, I was very excited to share it with them. The Magic School Bus Presents: Ocean Adventure is a great book. It is filled with all kind of great information and fun story line from Miss Frizzle and crew. While my kids are still pretty young, they enjoyed this book purely for the amazing pictures of sea life. I was met with a chorus of "WHAT'S THAT!"s while reading. I'm a sucker for all things ocean so this was a great book for me as well. It is a very educational and fun read! My family won this book through a Goodreads First Reads giveaway.
