Customer Reviews

Charlotte Zolotow *—*“author, editor, publisher, and educator” *—*“has one of the most distinguished reputations in the field of children’s literature. She has written more than seventy books, many of which are picture-book classics, such as *Mr. Rabbit and the Lovely Present* and *William’s Doll*. She lives in Hastings-on-Hudson, New York.

Helps the little sister see her big sister in a new light, easing her somewhat bad feelings about being overshadowed.

I have 5 and 2.5 year old daughters. I got each of them a "Sister" book for chirstmas this year. They both LOVE their books. This book is sweet with a nice little reminder to big sisters who can be a little too helpful to younger siblings. It is old fashioned in its illustrations which makes it simple and sweet.

This is one of my favorite children's books. It is sweet and wholesome. I have one for my two girls who are now six and nine and my six year old still enjoys having this read to her. I plan to buy one for my granddaughters as I have one and one due in December.

This book is so sweet. I have two daughters - ages 2 and 4. I love that it portrays the importance of both the big sister and the little sister. I have always reminded my older daughter to set a good example for her little sister. However, after reading this book, I also remember to point out to my older daughter when her younger sister follows her example, and praise my older daughter for teaching her. I look forward to my little one being old enough to read this book, too!

I purchased this book on without reading it because I had a hunch that it was good. I bought it for my sister who is going through a difficult time (she's the big sister and I'm the little sister). I gave it to her on Christmas morning and she cried when I read it to her. It's just a wonderful message about how sisters can take care of one another. The big sister always took care of the little sister, but when the big sister needed to be taken care of, the little sister realized that she could be there for the big sister, too. I just love this story and highly recommend it to those big and little sisters out there!

I have 2 daughters and found this book while searching for a new story about sisters. The reviews were so good, and the pictures I could see so sweet that I ordered it. When it arrived I read it to myself and indeed my eyes did smart towards the end. But instead of thinking about my daughters I found myself thinking of myself and my 2 older sisters. I related perfectly to the conflicting feelings of the little sister, and to the conclusion in which love for her big sister won out, but she still kept her afternoon alone to herself, something that's hers alone. I adore the illustrations and feel the story is perfectly told for about 3-7 year olds - just enough repetition for new readers, too. I'm impressed with the way it addresses the topic of conflict between sisters, without making anyone the bad guy, or without being obnoxious or shallow. My daughters are still a little too young for this book but I expect it will become a classic in our family. My highest compliments to this author.

Great book for big and little sisters of all ages. It's a kid's book about a big sister who always helps her little sister out and one day the little sister is able to comfort the big sister. It's very sweet and touching and a good reminder for sisters to always look out for each other.

Granddaughter loves it.
