Average Customer Review: 4.8 out of 5 stars 50 customer reviews

Best Sellers Rank: #140,638 in Books (See Top 100 in Books) #72 in [Books > Humor & Entertainment > Movies > Video > Reference](#) #90 in [Books > Humor & Entertainment > Movies > Reference](#) #183 in [Books > Humor & Entertainment > Movies > Video > Direction & Production](#)

Customer Reviews

This is an excellent book. It needs to be updated to reflect the demise of celluloid as a primary shooting medium and also to address the ramifications of digital distribution but there is a ton of knowledge and insight here. This book is generous in the best sense of the word.

this book is a great learning tool for anyone who is interested in becoming a producer. it takes you step-by-step through the producers job. the best part about it: it talks about the lovely 1/8 page rule, AND clarifies it. I have used that part over and over as I teach others how to produce.

I've researched many books on film production and I'm thrilled I chose Producer to Producer. It's a great resource and covers every aspect of production with detail and experience.

If you want to be a Producer, this is a must read. I own a production company and will hand this to each new employee.

I got this for class and i only used it once. But it was good for why i needed it.

Helpful in our arsenal of how to make our own movie.

Wonderful! Will be a lifelong assistant to my career

Excellent book ! I really like the way the book is formatted. It talks to you :-) Great choice.
