# Euthanasia And Law In The Netherlands

## Synopsis

The Netherlands is the only country in the world in which euthanasia, under narrow-defined circumstances, is legally permissible. Considerable attention has been paid over a number of years to the problem of regulating it and information has been systematically collected concerning actual practice. Therefore the Dutch experience is of interest not only to the Dutch, but to anyone who is considering whether or not to make euthanasia a legal practice. This book is written for a reader without specific knowledge of law. The central focus of the book is on Dutch law pertaining to euthanasia, but it also considers the moral and legal principles that have played a role in the Dutch debate, the available evidence bearing on actual practice and on the effectiveness of legal control. It ends with some reflections on the problem of the 'slippery slope' and the question whether the Dutch experience is 'exportable'. It includes translations of the relevant legislation (including proposed reforms) and of three leading cases.

## Book Information

Hardcover: 382 pages

Publisher: Amsterdam University Press; 1 edition (June 1, 1998)

Language: English

ISBN-10: 9053562753

## Customer Reviews

Het geeft een precieze beschrijving en analyse van de rechtsontwikkeling sinds 1945 en een grondige empirisch onderzoek. Een zo omvattend overzicht bestaat in het Nederlands nog niet.[-]B.E. Chabot - Trouw[-]"Hebben de buitenlandse critici wat aan dit boek? Jazeker. Ten eerste omdat hierin hun kritiek serieus wordt genomen. Ten tweede stellen de auteurs dat men (ook) in het buitenland pas verder komt met de euthanasiediscussie als men niet langer in het duister opereert, maar er in het openbaar - zoals in Nederland - over spreekt."[-]Magda van der Grijn - Relevant

John Griffiths is Professor of Sociology of Law at the University of Groningen, the Netherlands. Alex Bood and Heleen Weyers are working under his supervision on dissertations that deal, respectively, with philosophical and historical aspects of the regulation of euthanasia.

The textbook was very informative and explained the laws of the Netherlands about Euthanasia and gave court dates and cases to research. The book arrived in the prompt time and in very good conditions and I will purchase from this seller again. They definitely deserve five stars and more.
