Venia Online: A LitRPG Saga

Synopsis

What would you do if you woke up in a strange world which has three moons? What if you had no memory of how you got there? And what would you do, upon realizing that you are in a world manifests itself to you in the form of a videogame? The World of Venia promises action, adventure, mystery, intrigue, and danger at every turn. With the Dread King rising, the knights tired of fighting, the rogues resorting to kidnapping, and the mages rapidly declining, it is up to a modern day young man to navigate through this mad world of magic and beasts and deception - whether he wants to or not.

Customer Reviews

So far it's good though I wish it were a bit longer. The story starts off slow with the way Zack is introduced to this world. That literally takes up half the book. After that the story itself starts going. Don't know if this is a new author and he is trying to get his feet wet with this short book. If so he does a good job with creating a world. This series has potential. I look forward to next book. There

wasn't enough character growth or development in the story for me to give it a five stars though.

Firsttime ever i wanted a refund for a book. The main charachter kicks a man 3 times in the balls with out finishing him. This same guy ia akidnapper who left him for dead. Really? Done with this one. Clueless morals and mo self preservation.

This book read fast and ended abruptly. I liked the characters and story was good. The book exposes little of the rules of the game. Not sure of the value for the money.

Great story! Needs grammar edited. Really do not like the length and how it just cuts off. Length is not going to work if readers must wait for lengthy release dates on the next book. Left me feeling irritated. I finished this book this morning and started my day frustrated and unsatisfied. Not a great start to my day. I could easily give this book five stars If it was longer with a better transition to the next book or a short release between books were accomplished.

I enjoyed tearing through Venia Online. It got a few negative reviews on however the only real complaint is that there isn't enough book for people to read. It's a good problem to have. Writing is not easy. Good job A. E. Eagle. I look forward to your next entry.

But much too short. I really want to read the rest of the story! No noticable typos or grammar issues.

This is far to short to be a novel and is more a short story. The story like he is OK but the world and characters were flat. I wouldn't recommend it at this price but the story has promise. The characters need more development and the world needs filled in.
