## Customer Reviews

A strong willed lady answered an advertisement for a Bride then traveled west to find out that her husband was a quiet man who worked hard and cared for her. The man had a secret that he was

trying to rid himself from. He was doing well until his family member showed up and he sent him packing. Loved this book from a special author who keeps me entertained throughout the entire book. A must read for those who enjoy historical western romance kindle books from at a special price.

This book made me think about what most mail order brides faced once they left home. But there was always hope.
