## Customer Reviews

The Fashion Book is far more than a decorative object. It is an instructive and indispensable reference book, one that provides a crash course in fashion history. I'm delighted to see some of my obscure favorites mixed in with household names, and photographers, journalists, hair stylists, and illustrators mixed in with fashion designers. The historical images chosen look fresh, and the contemporary ones already seem classic. •Amy Fine Collins, Special Correspondent to Vanity Fair It's no secret that Phaidon's epic The Fashion Book, first released in 1998, is an authoritative resource for industry insiders and fans alike. Now the coffee table tome has been given new life with

a definitive updated edition. [style.com](http://style.com)

Which is to say that this is a very big book filled with fascinating information and gorgeous illustrations. It would make a great gift for someone who loves the mystique and history of the fashion industry.

GORGEOUS BOOK! I'm not going to lie so I'll admit that I bought this book mainly for aesthetic purposes. It matches the color scheme of my desk and the thickness was perfect to be used under my monitor. If you're looking for a beautiful coffee table book this is perfect. I did flip through the pages and the photos are great and the book is made out of quality material. Well worth the price!

Pictures and images of the book can be found at the bottom, to the right, near the review section at "customer's product images" The book is wide and tall and very tough. It's mostly images and it was a joy to read and see. The true fashion Bible!

Absolutely beautiful coffee table book. My fashion lover friend loved this gift!

I bought this book as a gift for a friend in the fashion industry and she LOVED it. I think anyone who is a fashionista will love this book.

It was a gift for my friend and she said she loved it.

This is a beautiful book for anyone interested in fashion or beautiful photography. The captions with dates and names really flesh out the backstory. You can spend hours pouring over this book, again and again!
